

# TESTICULAR CANCER AWARENESS MONTH

## LET'S TALK ABOUT IT:

- Testicular cancer is the most common cancer in men ages 15 to 35.
- According to the American Cancer Society, the average age of diagnosis is 33.
- Early detection is key - it is nearly 100% curable if caught early.
- A monthly self exam is the best way to stay on top of your testicular health.
